Warm

a. A beautiful accent to a gift table, place card table or door, the Square OASIS® Mache Wreath and Photo Wreath Insert provide a bit of personalization and a focal point for previously overlooked spaces. Remind the bride that with a few flowers these locations can be memorable rather than passed by.

b. Most brides opt for a champagne toast – complement her choice. The 13-inch OASIS® Design Ring has an 8.5-inch open diameter with a solid plastic tray for a beautiful and functional place for wine bottles to rest on reception tables making the moment more special.

c. The WEDDING BELLE® Bouquet Holder keeps this bouquet fresh. Embellish with Gold LOMEY™ Corsage Pins for a warm accent.

d. A full spray of flowers is achievable anywhere from the organ to the podium by using the RAQUETTES® Holder with plastic base for greater flexibility in displaying the finished piece.

e. An OASIS® Netted Sphere sits securely on the top of a vase bursting with flowers. Plus malleable enough to mold but strong enough to hold, OASIS™ Aluminum Wire suspends votive candles from the centerpiece.

f. The OASIS® Ring Holder encircles this candle holder for an aisle marked with simple beauty. From the wreath, delicate flowers hang by OASIS™ Bullion Wire.

g. A highly trafficked location often overlooked for flowers is the ladies' room! Create a buzz with flowers where they'd least expect it with the no-fuss mechanics of the OASIS® Place-It™ Grande Holder.

h. Show brides they can truly make a statement with the OASIS® Floral Foam Garland coupled with the OASIS® Place-It™ Grande Holders. A ceremony entrance is now full of panache!
