

Wire Collar

Deliver a high-end look in minutes.

A decorative accent for any bouquet or arrangement, the LOMEY™ Wire Collar is easy to shape yet strong enough to serve as a base for your most elaborate arrangements. The 19-gauge metallic wire is extremely flexible and will form to any design. White and ivory pearls add elegant accents that give a finished look to all arrangements.

- Flexible, pre-made beaded wire collar allows you to shape it just the way you want, saving you labor.
- Provides a high-end look, adding value and increasing your profit margins.
- Add texture and accent colors to your designs by incorporating OASIS™ Sisal or OASIS™ Angel Hair Wire. Can easily embellish further with OASIS™ Decorative Wire, extra beading or ribbon.
- Versatile wire collars can be used as insets inside your bouquets, bases around tabletop arrangements, or inside or on top of a vase.

How To

1|1| The LOMEY™ Wire Collar can take on any shape you desire. The flexible wires can be bent, re-twisted and shaped as your design requires to add volume. Here, we stretched the Wire Collar to create a bowl-like structure with openings at the top and bottom.

1|2| The completed bowl structure is designed to nestle around the heads of the roses. We've adjusted the pearls so they are as evenly spaced as possible around the arrangement.

1|3| Carefully insert the stems of your flowers into your collar structure, arranging them as you desire. Upon completion, you can further shape the LOMEY Wire Collar to highlight your arrangement.
